HEARTS AND CONES

Make your own decorations
for the Christmas Tree

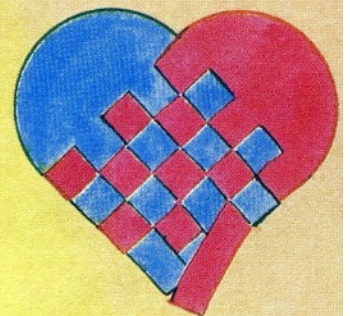

Things to find
Coloured paper
Scissors, Pencil
Ruler, Compass
Gift-wrap ribbon
Tape, Glue
Paints

What to do. First make your hearts

Cut two strips of different coloured paper 19 x 6cm. Fold in half. Measure 6cm up from the fold and rule a line across. Put a compass point on the centre of the line, draw a semi-circle and cut round as shown.

Rule off every 12mm and cut along the lines, across the fold to just past the ruled pencil line. Weave one colour into the other, gradually tightening the weave as you go along. Tape a ribbon loop to the top and hang on the tree.

Now make your cones

Cut a 13cm square of paper. Place compass point at point A and draw a curve from point B to point C. Paint on design then cut along line. Curve and glue into cone shape. Tape a ribbon loop at either side. Fill with sweets and hang on the tree.

Things to find

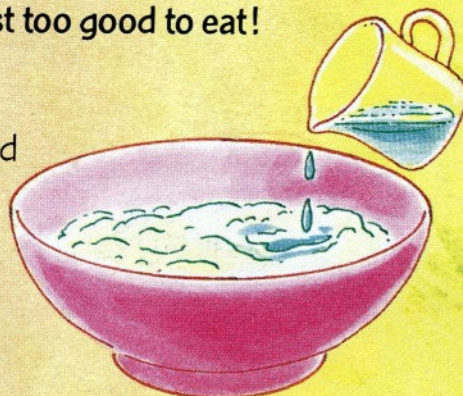

Powdered milk
Icing sugar, Water
Gift-wrap ribbon
Chocolate powder
Chocolate drops
(Food colour/flavour)

SUGARED SNOWMEN

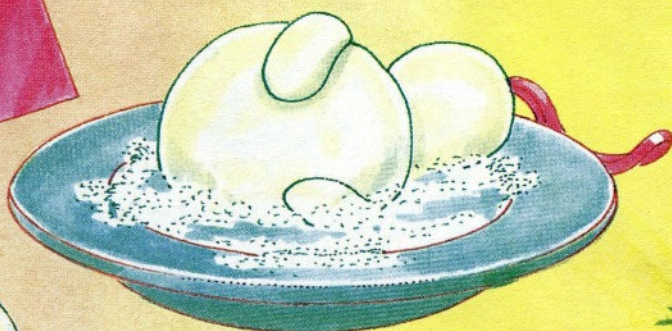

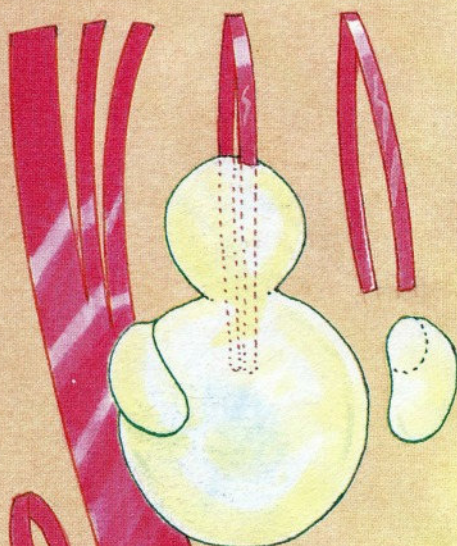

Almost too good to eat!

What to do

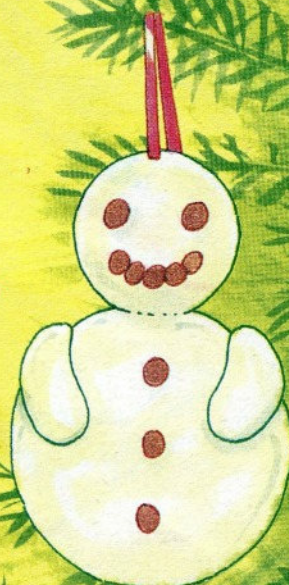

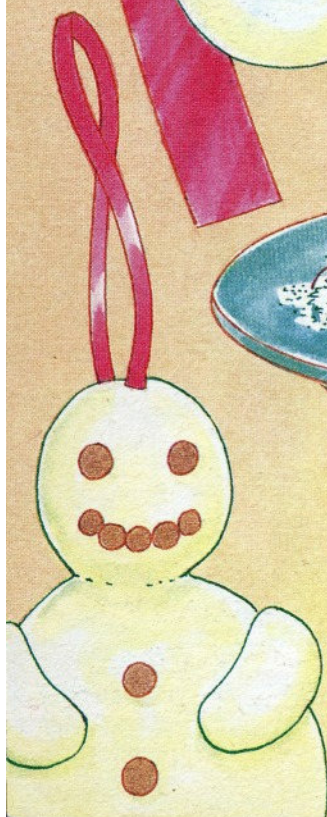

Mix together equal amounts of powdered milk and icing sugar. (Divide into portions and add colour and flavour if you wish.) Mix in water drop by drop until the mixture is thick and firm.

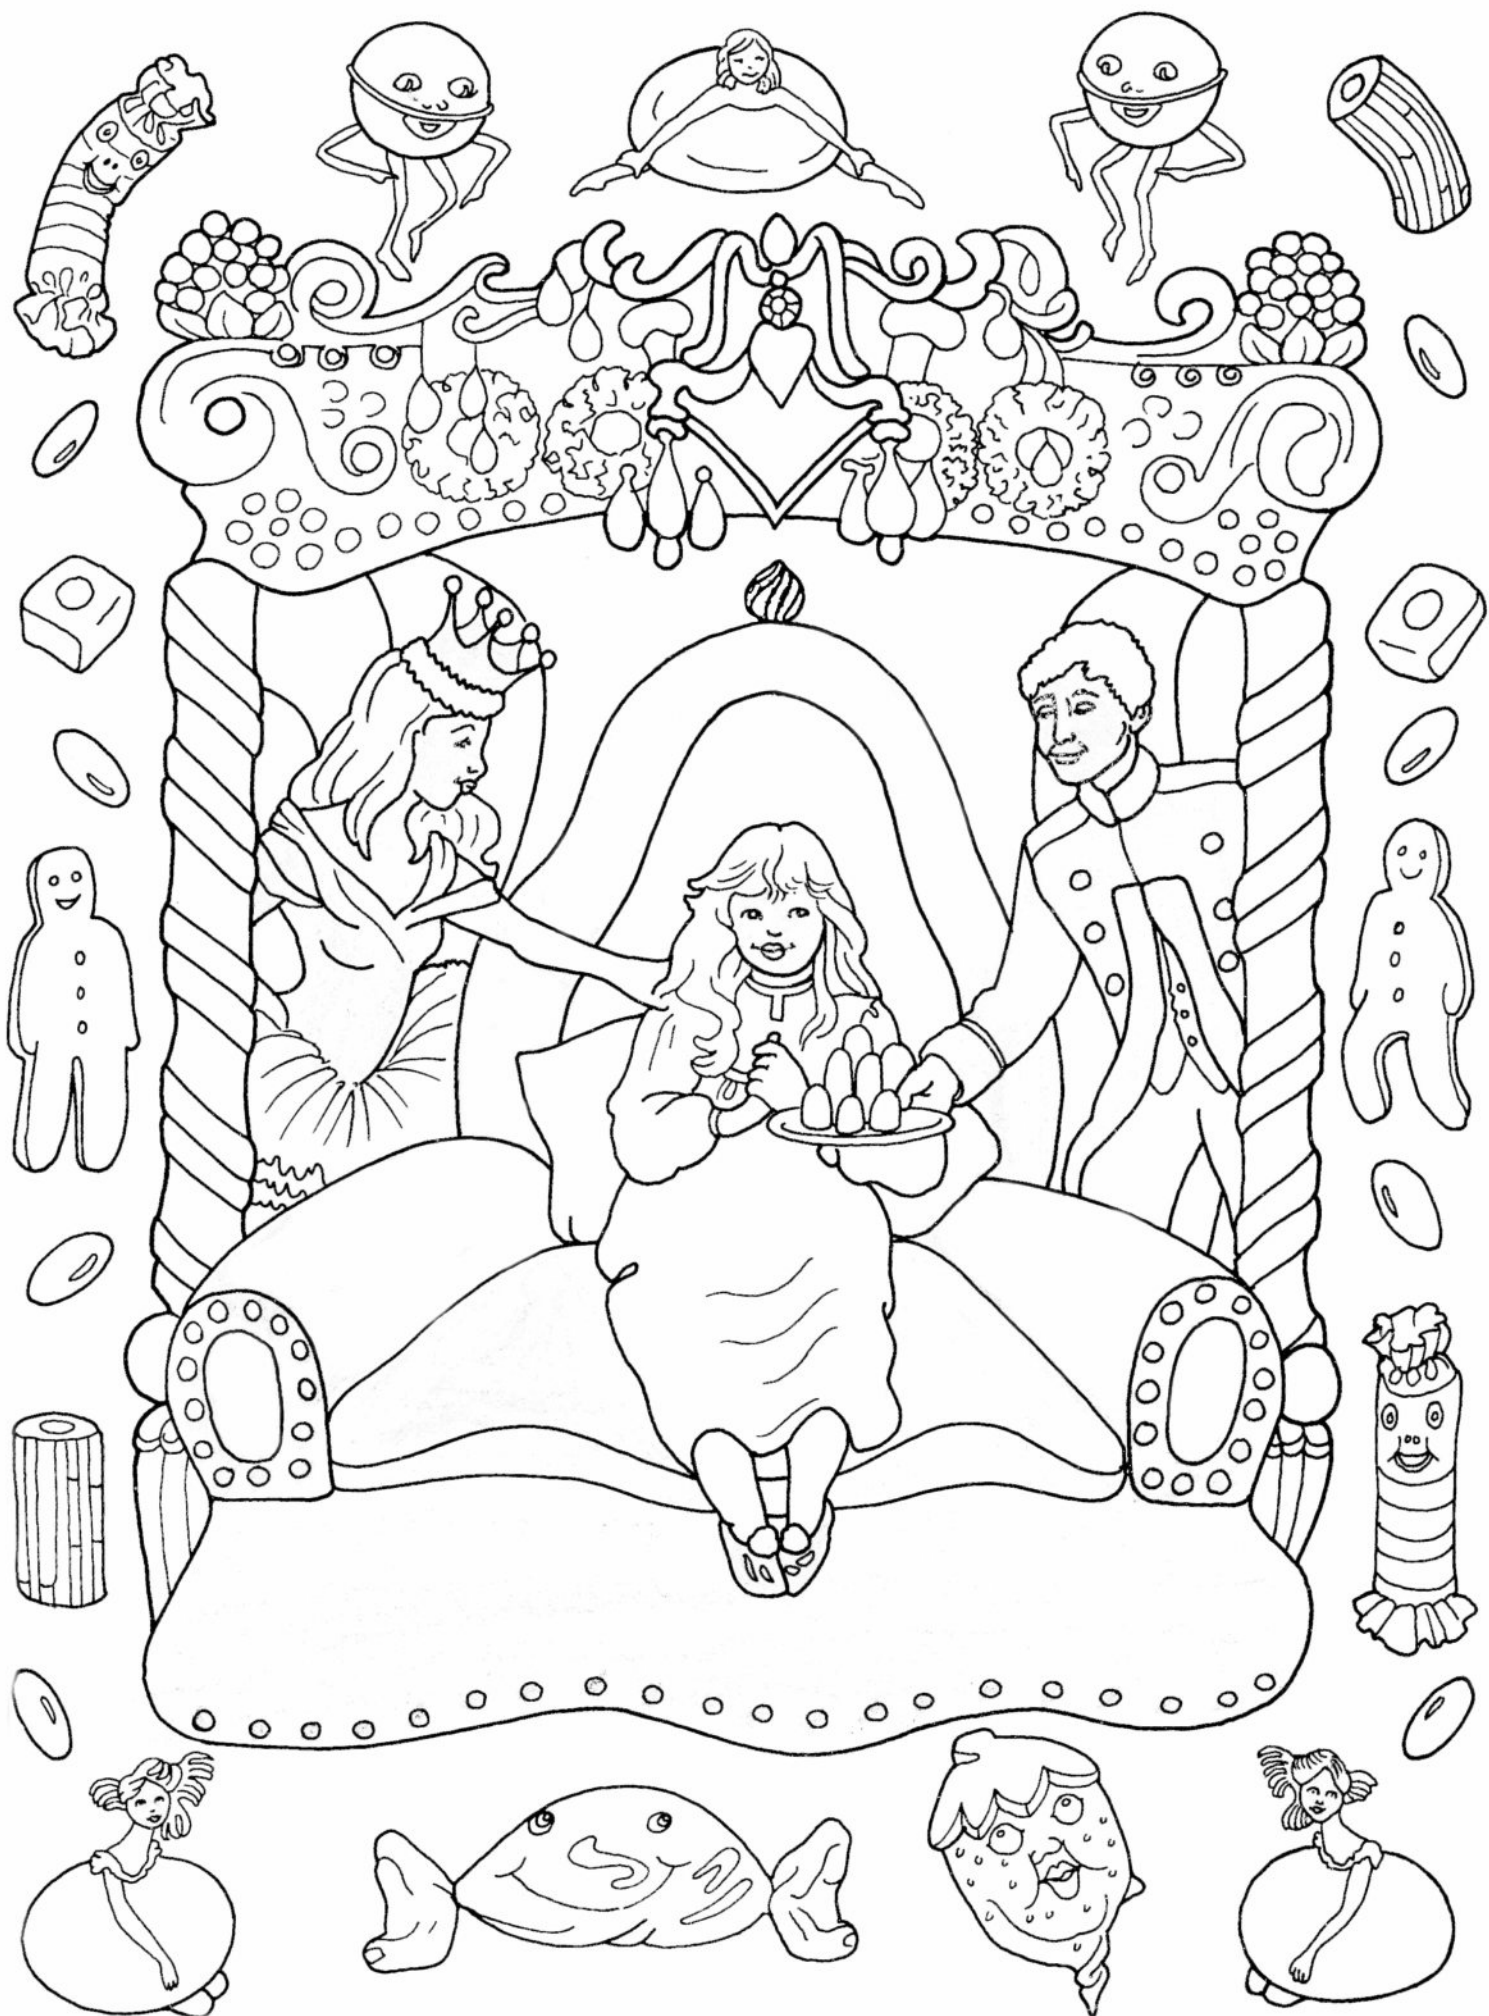

Divide a 20cm length of ribbon into narrow strips. Fold a strip in half and using a portion of sugar mixture, shape the head and body around the ends of the ribbon. Shape arms and press on to body. Roll gently in icing sugar or chocolate powder.

Press on chocolate drops for eyes, mouth and buttons. Leave to dry and harden then hang on the tree.
